AUTHORS.

PAGE

Alajouanine, Th.
Aphasia and Artistic Realisation 229

Barr, Murray L.
Observations on the Foramen of Magendie in a Series of Human Brains 281

Bedford, T. H. B.
The Effect of Intracisternal Injection of Saline Solutions on the Pressure of the Cerebrospinal Fluid of the Dog 403

Bird, A.
The Lipidoses and the Central Nervous System 434

Clark, G.
The Mode of Representation in the Motor Cortex 320

Clark, G., and Ward, J. W.
Responses Elicited from the Cortex of Monkeys by Stimulation Through Fixed Electrodes 332

Critchley, M., and Greenfield, J. G.
Olivo-ponto-cerebellar Atrophy 343

Colover, J.
Sarcoidosis, with Involvement of the Nervous System 451

Cumings, J. N.
The Copper and Iron Content of Brain and Liver in the Normal and in Hepatolenticular Degeneration 410

Denny-Brown, D., and Seyffarth, H.
The Grasp Reflex and the Instinctive Grasping Reaction 109

Feindel, W. H., Sinclair, D. C., and Weddell, G.
Referred Pain and Associated Phenomena 184

Gellhorn, E.
The Influence of Alterations in Posture of the Limbs on Cortically Induced Movements 26

Greenfield, J. G., and Critchley, M.
Olivo-ponto-cerebellar Atrophy 343

Greenfield, J. G., Russell Brain, W., and Russell, D. S.
Subacute Inclusion Encephalitis 365

Harpman, J. A.
Observations on Cutaneous Hyperalgesia 34

Haxton, H. A.
Gustatory Sweating 16

Hill, D., and Roubicek, J.
Electroencephalography with Pharyngeal Electrodes 77

Kendall, D.
Thrombosis of Intracranial Veins 386

PAGE

Kugelberg, E.
Demonstration of A and C Fibre Components in the Babinski Plantar Response and the Pathological Flexion Reflex 304

McLardy, T.
Projection of the Centromedian Nucleus of the Human Thalamus ... 290

Mandelbrote, B. M., Stanier, W. M., Thompson, R. H. S., and Thruston, M. N.
Studies on Copper Metabolism in Demyelinating Diseases of the Central Nervous System 212

Marshall, A. H. E., Russell, D. S., and Smith, F. B.
Microgliomatosis. A Form of Reticulosis Affecting the Brain 1

Pickering, G. W.
Lumbar Puncture Headache 274

Rademaker, G. G. J., and Ter Braak, J. W. G.
On the Central Mechanism of Some Optic Reactions 48

Ray, L. J., and Sunderland, S.
The Intraneural Topography of the Sciatic Nerve and its Popliteal Division in Man 242

Roth, M.
On a Possible Relationship between Hereditary Ataxia and Peroneal Muscular Atrophy: with a Critical Review of the Problems of "Intermediate Forms" in the Degenerative Disorders of the Central Nervous System 416

Roubicek, J., and Hill, D.
Electroencephalography with Pharyngeal Electrodes 77

Russell Brain, W., Greenfield, J. G., and Russell, D. S.
Subacute Inclusion Encephalitis 365

Russell, D. S., Marshall, A. H. E., and Smith, F. B.
Microgliomatosis. A Form of Reticulosis Affecting the Brain 1

Russell, D. S., Russell Brain, W., and Greenfield, J. G.
Subacute Inclusion Encephalitis 365

Seyffarth, H., and Denny-Brown D.
The Grasp Reflex and the Instinctive Grasp Reaction 109

Sinclair, D. C., Weddell, G., and Feindel, W. H.
Referred Pain and Associated Phenomena 184

Smith, F. B., Russell, D. S., and Marshall, A. H. E.
Microgliomatosis. A Form of Reticulosis Affecting the Brain 1

Stanier, W. M., Mandelbrote, B. M., Thompson, R. H. S., and Thruston, M. N.
Studies on Copper Metabolism in Demyelinating Diseases of the Central Nervous System 212

Sunderland, S.
The Distribution of Sympathetic Fibres in the Brachial Plexus of Man 88

Sunderland, S., and Ray, L. J.
The Intraneural Topography of the Sciatic Nerve and its Popliteal Division in Man 242

Ter Braak, J. W. G., and Rademaker, G. G. J.
On the Central Mechanism of Some Optic Reactions 48

Thompson, R. H. S., Mandelbrote, B. M., Stanier, M. W., and Thruston, M. N.
Studies on Copper Metabolism in Demyelinating Diseases of the Central Nervous System 212
